Closed Car Comforts at a Wonderful Price

Come see how well it meets your desires. It is a new type. It has beauty, utility and a price attraction such as no closed car ever combined.

Light and compact it is ideal for business and professional men. It is economical and enduring. It is solidly built, calls for little attention and is unusually free from even minor annoyances.

Women admire its beauty. Upholstery and fittings are of good, long wearing quality. And the Coach continues the economy of its low first cost in long enduring service and small operation costs.

The Coach was built for those who demand such qualities. You will be pleased with it.

Third Year on **Griginal Tires**

Am just starting third year with my Essex Still running on the original set of tires, with a good many more miles in them. Never had a moment's delay or trouble during the entire time. Have given the car perhaps better than ordinary care, but have driven over some very rough and mentalment roads. The anappy acceleration, and wonderful hill olimbing ability has been a source of intense satisfaction.
